Parental Permission to work until 9pm
(Complete only if under age)

New Jersey State Child Labor Laws required that we get permission from parents for any minors to work after 7pm but up until 9pm. Law requires this permission for any employee under the age of 18. The request for the last four digits of both employee and parents SS # is another form of verifying your identity.

I understand that there are times when my child will have to work up to 9pm. With that being said, I hereby give my son/daughter permission to work up until 9pm.
